Stainless Steel Splashback

FITTING INSTRUCTIONS

Model	Width	Height	Splashback thickness (mm)	Top & Bottom flange thickness (mm)
SK70	700	750	10	1
SK90	900	750	10	1
SK100	1000	750	10	1
SK120	1167	750	10	1

INSTRUCTIONS

1. Mark the hole positions for the wall fixing (the four outer holes) using the splashback centralised on the wall as a template (the bottom flange is to be concealed behind the cooker and the top flange is to be concealed behind the hood)
2. Drill the wall with a suitable drill bit (not provided) and fit the four wall plugs.
3. Secure the splashback to the wall using the suitable screws.
4. Remove any protective film.
